COORDINATION

PLANNING MEETINGS

There is a lot that goes into planning and coordinating a wedding and we are here to make it easy! Once you book with us we will meet with you three times:

1. for a TASTING - where you will meet our caterer, taste some delicious options, and have assistance in creating your dinner selections.
2. for a STYLE MEETING - where we will help you design your table layout, begin your wedding day timeline, choose your wedding colors, and design your florals and decor.
3. for your FINAL MEETING - this meeting takes place 30 days before your wedding and will wrap up all of the details for your big day!

(if you are planning from afar, no worries, we can do your style meeting and/or final meeting over facetime or skype!)
Of course you are always welcome to just stop by for a visit. We have multiple opportunities to see the farm set up for a wedding during our Summer Saturday open house's. These are fun to come to for inspiration and perfect for bringing friends and family.

REHEARSAL

You will have an hour time slot before the wedding day to rehearse with your coordinator
If an event is occurring during the time you would like to rehearse we have an alternate ceremony space to use.

You and your bridal party can bring your dresses and shoes to the rehearsal so that nothing is accidentally forgotten on the big day. You can also use this time to drop off all of your personal touches; such as favors, photos, cake accessories, etc.

WEDDING DAY

You will have a Coordinator with you the day of the wedding bringing your design vision to life, coordinating with your vendors, and keeping your customized time line on schedule.
Once dinner starts the DJ will take over coordination of the evenings events.

CEREMONY LAWN

The outdoor ceremony site overlooking the pond will be set with white garden chairs, a vintage alter table. The barn is available in case of rain.

In the center of it all is the Carriage House which is where Cocktail hour is located with a garden patio, and surrounding lawns. It is completed with decor, a bar set up, hours d'oeuvre display, antique chairs, high top tables with linens and garden furniture. This is the spot to personalize your day with photographs, memory candles, advice stations and more.

CORN CRIB

Located within the cocktail hour lawn, the corn crib, is the perfect space to express your creativity. You could bring in a string quartet, photobooth, cigar bar, lounge or use it as a lovely place to display your cake, the options are endless. What will you decide to feature here?

THE BARN

Our climate controlled barn provides a comfortable reception space any the time of year! Built in 1900, the barn is full of character with some added elegance creating a stunning backdrop for your reception. You will find original aged wood, beautiful beams wrapped in chiffon drapery, string lighting, chandeliers, greenery, beautiful farm tables built on-site, and large windows flooding the room with natural light. Through the back windows you can often see the cows at the fence line hoping someone will come and say hello. A large covered porch lets you enjoy the views of the pond, pine forest, and ceremony lawn. It offers a second bar and lounge space with drop down sides to keep the rain and/or cold away. With an expansion and renovation in 2018 the barn can now seat up to 230 guests. The bridal suite, optional cookie lounge, and rest rooms are located on the lower level of the barn. An elderly restroom is positioned on the main level for easy access and convenience.

Additional areas for bridal photography including pasture fields, hay fields, a pine forest, gardens, and a pond with a dock & row boat.

HORS D' OEUVRE'S & DINNER

During cocktail hour your guests will enjoy a bountiful display of appetizers, from our caterer, featured on our farm table. Upscale plasticware is available with the hors d'oeuvres.

When you ring the dinner bell, to invite your guests into the barn, they will find their table decorated to fit your event and beautifully set complete with china, flatware, linen napkins, ice water, and a pre plated salad - ready to enjoy as guests await the evenings festivities.
